

Leica DISTO™ D2

The small partner - for indoor applications

Measuring distances and calculating results with the smallest laser distance meter of the world.

The compact and handy base model was specifically designed for indoor applications. Shortcut keys for addition, subtraction, area and volume calculation make measuring fast and very reliable. The last 10 measurements are also stored. As with all Leica laser distance meters, the laser dot is clearly visible. You can always see your targeting point, even if the target object is in a hard to access area. Leica DISTO™ D2 – you will never use a measuring tape again!

Quick and easy

Measure distances at the touch of a button and calculate areas or volumes.

Measure from edges or corners

With the flip-out end-piece you are equipped for any measuring situation.

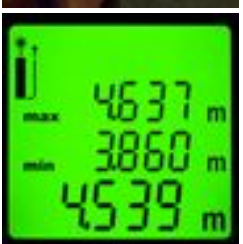

Small and handy

Thanks to its ergonomic and compact design with soft grip, the Leica DISTO™ D2 sits securely in your hand and fits into any pocket.

Clear display

The results are shown on a 3-line display. The illuminated display is easily readable, even in the dark.

Simply clever

Minimum / maximum measurements, tracking and storage of results makes your work much easier.

Included items - practical and clever:

- holster: stows everything away neatly
- hand loop: secures the instrument at all heights
