

Leica DISTO™ D3a BT

With BLUETOOTH® Technology and Smart Horizontal Mode™

New: Now the Leica DISTO™ D3a is also available with BLUETOOTH®. Due to this technology, measurement results can be wirelessly and accurately transferred to Pocket PCs and PCs. Furthermore, the Leica DISTO™ D3a BT is equipped with “Smart Horizontal Mode™, tilt sensor, calculation possibilities for rectangular and triangular areas, volumes, room dimensions and various types of Pythagoras functions.

Smart Horizontal Mode™

Thanks to the combination of distance and tilt measurements you can determine the horizontal distance precisely and simply. If you take a measurement at an inclination of $\pm 45^\circ$, the Leica DISTO™ D3a always calculates the shortest distance. So you can measure quickly and easily, even over the top of objects and people.

Multiple functions

The Leica DISTO™ D3a can calculate rectangular and triangular areas, volumes, room dimensions and various types of Pythagoras functions. A time delay release and enough memory for up to 20 measurements round off the instrument's wide range of functions – a concept designed to make your work life easier.

Brilliant and clearly arranged display

The results are displayed on the large (2”), clearly arranged and high contrast display. At the touch of a button, the display makes supplementary information available about the measurements, e.g. indirect height, room dimensions, angle information or room angles.

BLUETOOTH®

With integrated BLUETOOTH® technology, measurement results can be wirelessly and accurately transferred to Pocket PCs and PCs. Thus you can easily process your data in Excel®, Word®, AutoCAD® and other programs.

Free software

The delivery package contains the transfer software “Leica DISTO™ Transfer” – easy to install and with automatic updates. The AutoCAD® plug-in additionally allows convenient planning and drawing with your AutoCAD® software.

Included items – practical and clever:

- Holster
- Hand loop
- 2 AA batteries
- Target plate
- CD with manual / safety instructions
- Producer certificate M in accordance with DIN 55350-18-4.2.2
- Quickstart guide
- CD with Leica DISTO™ Transfer for PC and PPC, AutoCAD® PlugIn

| Features | Your advantages |
|---|---|
| Measuring range 0.05 to 100 m Typ. accuracy ± 1.0 mm | Precise, quick and reliable measurements |
| BLUETOOTH® | Error-free and quick data transfer to Pocket PC or PC |
| “Leica DISTO™ Transfer” software is included | Easy transfer for further processing in Excel®, Word®, AutoCAD® or other Windows-based programs |
| AutoCAD® plug-In | Convenient drawing using your AutoCAD® software |
| Smart Horizontal Mode™ | Determine precise horizontal distances at the press of a key |
| Tilt sensor | Measure angles up to $\pm 45^\circ$ at the touch of a button |
| Flip-out end-piece with automatic detection | Reliable, trouble-free and error-free measurement from edges or out of corners |
| Pythagoras functions | Indirect height and width measurements in inaccessible positions |
| Room dimensions | Values such as total wall length, wall and ceiling area are available at the touch of a button |
| Stake out function | Stake out equal or two different recurring distances |
| Triangle function | Determine the area of a many-cornered room efficiently |
